An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with DJ Stockley on 5/14/07.

The application has been amended as follows:

Claim 5: In line 23, replace "and" with --thereby—before "refining".

Claim 21: In line 26, replace "and" with --thereby—before "refining".

Claim 25: In line 23, replace "and" with --thereby—before "refining".

Claim 26: In line 23, replace "and" with --thereby—before "refining".

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: applicant's arguments filed 2/20/07 are persuasive. While the prior art is replete with teachings of comparing three-dimensional structures using rmsd, the prior art neither teaches nor

Art Unit: 1631

suggests generating a combination of correspondence between two point sets using the claimed method steps.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Priority

Acknowledgment is made of applicant's claim for foreign priority based on an application filed in Japan on 2/6/1992 and 12/11/1992. Certified copies of the foreign applications were not found in parent application 08/014,867. It is noted that these copies may have been lost; however, applicant is required to file certified copies in order for priority to the foreign applications to be granted.

Acknowledgment is made of applicant's claim for priority under 35 U.S.C. 119(a)-(d) based upon an application filed in Japan on 2/6/1992. A claim for priority under 35 U.S.C. 119(a)-(d) cannot be based on said application, since the United States application was filed more than twelve months thereafter. It is noted that 2/6/1993 (one year after the filing date of one of the Japanese applications) was a Thursday.

For these reasons, priority to the Japanese applications is not granted and priority is granted only to the filing date of parent application 08/014,867, of 2/8/1993. However, it is noted that the instant claims are free of the prior art no matter which

Art Unit: 1631

priority date is granted, thus the claims are allowable even though priority is not granted to the Japanese applications.

Conclusion

Claims 5-7, 9, 21, and 25-27 are allowed.
